Agile HR Explorer Course

Aligning HR practices with SAFe® transformations

Close the gap between HR and your Agile teams

Transformation needs everyone. Because HR supports all employees, they should understand the Agile mindset, practices, and terms. But they need a guide to explore this new approach – a bridge from traditional practices to a new way of working.

Agile HR Explorer, created by a renowned industry thought leader, teaches strategic thinking and methods that help HR professionals drive success for Agile transformation.

Learning goals

In this high-energy, practical, and insightful course, you'll explore the new world of work. You'll learn how and why Agile is instrumental for creating more stable, responsive, and successful organizations.

With your active participation in this training course, we will:

- Identify the changing nature of work and its impact on HR
- Explore the world of Agile and learn how to apply agile values and principles
- Find out about Agile HR and the difference between Agile4HR and HR4Agile
- Discover key Agile HR themes and their relevance to HR Practices
- Gain insights from practical examples and case studies

Duration
1 day, five lessons

Audience
HR Professionals

Class size
Ideally 6-24 participants

Course creator

Fabiola Eyholzer, co-founder and CEO of Just Leading Solutions, has been instrumental in helping organizations accelerate their agile transformation and build more robust, responsive, and innovative businesses through a relentless focus on people. She is an industry pioneer and renowned thought leader in Agile HR.

Agile HR Explorer Course

Agile HR Explorer is an introductory one-day course for HR professionals and leaders in a Lean-Agile environment. Attendees will explore the new world of work and HR and learn how Agile is instrumental in creating more stable, responsive, and successful organizations. This course was created by a third party, Just Leading Solutions (JLS).
